Am I required to get a referral from my school's Health Services before I seek treatment?

Yes, a referral is required before seeking care or treatment from an off-campus provider. Please refer to the plan brochure for details about the referral requirement and any exceptions to this requirement.

Does this plan cover me when I am off campus, traveling or studying abroad?

Yes, the Student Health Insurance Plan covers you during semester breaks, summer vacation and even if you're traveling or studying abroad. You'll be covered for the period for which you have paid premium.

In addition to being covered for medical treatment and services, you will also be covered for Emergency Medical Evacuation, Repatriation of Remains, Security and Political Evacuation, Natural Disaster Evacuation, and Travel Assistance Services through UnitedHealthcare Global, the 24-hour worldwide assistance service. All services must be arranged for in advance and provided by UnitedHealthcare Global. Any services not arranged by UnitedHealthcare Global will not be considered for payment.

- When studying or traveling abroad, keep your Student Health Insurance ID card with you and take a copy of the brochure for reference.
- When outside of the United States, you will likely be asked to pay for your medical care first and will then need to seek reimbursement. Covered Expenses will be reimbursed on an Out-of-Network basis.

- When you submit claims for reimbursement, you will need to have the itemized bill(s) translated into English and include a letter informing the claims administrator that you are seeking reimbursement for charges previously paid.
- Please ensure that your name, ID number, address (to receive your reimbursement check), and your school's name are on the bill.

Will I be covered under the plan after I graduate?

Yes, you will be covered under the Student Health Insurance Plan until the end of the policy period for which you have purchased coverage. There is no option to continue coverage after the policy terminates.

Eligibility, Enrollment & Waiving

Who is eligible for the plan?

- All students are automatically enrolled in the Student Health Insurance Plan at registration, unless proof of comparable coverage is furnished.
- Students on Leave of Absence, who have previously been insured under this Plan for at least the previous term prior to the Leave of Absence, are eligible to enroll in the Student Health Insurance Plan for a maximum of two semesters at a time. Students on leave who wish to enroll should contact Student Accounts.

Students must actively attend classes for at least the first 31 days after the effective date of the period for which coverage is purchased. Home study, correspondence, and online courses do not fulfill this requirement.

Can I enroll my eligible dependents?

Yes, you can enroll your eligible dependent(s) at the same time as your own initial plan enrollment by following the steps described in the 'How do I...?' section of this document. Dependent coverage must be purchased for the same time period as the student's period of coverage and cannot exceed coverage purchased by the student. For example, a student enrolled for annual coverage cannot purchase dependent coverage for the spring semester unless a qualifying event, as defined below, occurs.

Students can also add eligible dependent(s) if the student experiences one of the following qualifying events: (a) marriage, (b) birth of a child, (c) divorce, or (d) if the dependent is entering the country for the first time. If the student experiences one of these qualifying events, the Dependent Enrollment Form, supporting documentation, and payment **must** be received by Gallagher Student Health & Special Risk within 31 days of the qualifying event. Forms received more than 31 days after the qualifying event will not be processed. Once a dependent is enrolled, coverage cannot be terminated unless the student loses eligibility.

How does Health Care Reform affect the Student Health Insurance Plan?

If you are under the age of 26, you **MAY** be eligible to enroll as a dependent under the employer health insurance plan held by your parent(s). However, before you do so, you should fully compare the employer plan against this Student Health Insurance Plan to determine which plan's rates, benefits and coverage are most appropriate for you.

In addition to the items mentioned above, keep in mind that Student Health Insurance Plans are generally less expensive than individual plans with similar benefits. In fact, your total out-of-pocket cost (including premium and deductibles) may be significantly **LESS** with this Student Health Insurance Plan, especially if your parents' employer plan is considered a 'high deductible' plan.

What is considered 'comparable coverage'?

You need to compare your current health insurance plan to the one sponsored by your school to look at cost-sharing levels (deductibles and coinsurance) and access to In-Network Providers. The amount of your current plan's deductible and In-Network and Out-of-Network coinsurance may result in high out-of-pocket costs. The level of benefits should be compliant with the Affordable Care Act (ACA) and meet or exceed the benefits provided through the Student Health Insurance Plan. Coverage is considered comparable if it provides students with access to a range of services in and around the area where they attend school. Services include, but are not limited to, preventive and primary care, emergency care, surgical care, inpatient and outpatient hospitalization, lab work, diagnostic x-rays, physical therapy and chiropractic care, prescription drugs, mental health and substance abuse treatment. Students should be able to seek these services from providers who are considered In-Network or Preferred. If your current plan is an HMO, it is very likely that coverage is limited, or not available, outside of the HMO's service area.

Plans that only provide emergency services in the campus area, that are purchased on a short term basis, that are international or travel insurance plans, or that are out-of-state Medicaid plans are not considered comparable.

Can I waive the Student Health Insurance Plan with any of the insurance plans offered through my State's Marketplace?

Students are eligible to enroll in an insurance plan offered through the Marketplace in their home State. If you are a Massachusetts resident, you can waive the Student Health Insurance Plan with a plan purchased through the Massachusetts Health Connector. Please review these plans carefully. Many of these plans will have a deductible greater than the deductibles on the Student Health Insurance Plan which will increase your out-of-pocket costs. Also, many of these plans are HMOs with restrictive provider networks, so look at the provider network to be sure that In-Network Providers are located near your campus.

If you are not a Massachusetts resident, there is good possibility that a plan purchased through your home State's Marketplace will not provide adequate coverage. Review this carefully.

Is there anything I need to know before waiving coverage?

Before waiving coverage you should review your current policy, considering the following:

- Will your current plan cover medical care beyond emergency services (i.e. doctor's office visits, diagnostic testing, x-rays, prescription drugs, mental health, etc.) on- and off-campus?
- Does your plan have doctors and hospitals near campus?
- Check the cost -- is the annual cost of this Student Health Insurance Plan less expensive than the cost of being added as a dependent to your parents' plan? Be sure to compare deductibles and total out-of-pocket costs, not just the annual premium.
- Are there administrative pre-requirements, pre-certification, or Primary Care Physician referrals required under your current plan that may delay receipt of care?

Please Note:

- International students are enrolled on a mandatory basis and cannot waive coverage.
- Students who do not complete a decision form by the published deadline will be automatically enrolled in and billed for the Student Health Insurance Plan.
- It is recommended that all students submit an online decision form, whether enrolling or waiving.

Will my waiver be audited/ verified?

Yes, all submitted waiver forms will be subject to verification. The verification will confirm that the information submitted is accurate and that your coverage is currently in force. Most waivers will be verified within 24-48 hours. Once your waiver has been verified, an email notification will be sent to the address we have on file for you informing you of the acceptance or denial of the waiver. If your waiver is denied, the email will contain further information on how to revise and resubmit your form and any available supporting documentation.

Can I enroll in the Student Health Insurance Plan if I lose coverage under the plan I waived with?

Yes, students who waive the Student Health Insurance Plan, and then lose coverage under that plan, may submit a Petition to Add form. The form can be found by visiting www.gallagherstudent.com/hampshire and clicking the 'Petition to Add' link on the left side of the page. Make sure you read the form carefully as it contains very specific information on the Petition to Add process.

Once I'm enrolled in the Student Health Insurance Plan, can I terminate coverage? Can I get a refund?

There are specific instances when a student who is enrolled for annual coverage can request a termination. Other than those instances which are identified below, students enrolled in the Student Health Insurance Plan will remain enrolled in the plan for the period of coverage charged to their student account.

Students enrolled in annual coverage may only request a termination of coverage and a pro-rated refund of premium in the following situations:

1. When a student enters the armed forces.
2. When a student is enrolled in annual coverage and has one of the following occur:
 - a. Student disenrolls from school for the spring semester.
 - b. Student becomes eligible and enrolls in a subsidized Health Insurance Plan through the Massachusetts Health Connector during the same policy year and coverage is effective on or before the start of the spring health insurance coverage period (not academic spring semester).

- c. Student becomes eligible and enrolls in MassHealth during the same policy year (excluding MassHealth Limited, the Health Safety Net or the Children’s Medical Security Plan) and coverage is effective on or before the start of the spring health insurance coverage period (not the academic spring semester).

For the second option above, the request for termination of coverage must be received by Gallagher Student Health & Special Risk no later than the last day of fall coverage.
