

A Letter from the Chair of the Alumni Advisory Group

When alums and parents give to Hampshire, we send a clear message that those who know the College best are investing in its mission and its future. Our donations to Hampshire mean more opportunities for current and future students to attend a college that fosters a lifelong passion for learning, inquiry, and ethical citizenship.

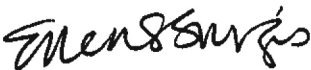

If it's been some time since you've been back to campus or had interactions with current students, I encourage you to get to know Hampshire all over again by looking at this "View Book." It's intended as a recruiting tool for high school students, and I'd like to share it with you because I think it reminds all of us how vital Hampshire remains—and how important your contribution is to sustaining the College.

Your gift shows those high school students who crave applied and interactive learning that there's a way to accumulate knowledge by questioning, collaborating, doing. Your gift inspires a new generation of students to be passionate about not just learning, but also justice, and to want to effect positive change in the world. Your gift enables Hampshire to continue being a transformative influence in higher education—and an important alternative in a crowded field of competitive colleges.

You'll find a donation envelope enclosed. Please send it in today, because your support—of any amount—sends the word to those high school students who also have this View Book that our alums actively live our motto: *Non Satis Scire*. To Know Is Not Enough.

Thank you.

Sincerely,

Ellen Sturgis 77F
Chair of the Alumni Advisory Group
