NOTE: Our financial aid policy is to collect information from each parent when they are not together to determine each parent's fair share of the family's total financial contribution. Indicating that a parent is not willing to make a contribution is not grounds for a waiver of the required forms. If it is determined that a parent is capable of making a contribution, one will be expected regardless of whether or not that parent is willing to contribute. We do not have the resources to replace that amount for a parent who may be unwilling to contribute.
