

**Request for Official Transcripts:** Use this form to request either mailed paper copies or secure electronic copies of your transcript. It can take up to 10 business days to prepare your transcript. If you entered Hampshire prior to 2000, it may take longer. Please plan accordingly. There is no fee when you request transcripts as you paid a one-time transcript fee when you entered the institution. Go to <https://www.hampshire.edu/central-records/transcript-requests-and-information> for more information on transcript policy, requesting transcripts, transcript delivery, and related information. The College reserves the right to withhold student transcripts if the student has an outstanding financial obligation.

**Electronic Delivery**

**IMPORTANT:** Write the email address clearly and legibly. If the email is incorrect and we receive an “email undeliverable” message, we will contact you to check and give us the correct email address. If you prefer to type the recipient information or want to submit more requests than this form has space for, you can compose and attach a document to your request. If you like, you may have an electronic transcript marked “issued to student” sent to you. We suggest you notify recipients that they will be receiving an electronically delivered transcript via *@escrip-safe.com* so that they will expect it.
