Gives you a resizable pop-out window (good for using alongside an open Excel window).

Video quality: change this to 720 for a non-fuzzy image. It will take the video a little longer to load (see note at left).

Full screen view!

Play or Pause

The pale red line moving across indicates how much of the video is loaded and ready to play. If your video keeps stopping, hit the pause button and wait until this red line is halfway across (or more).
