

AWARD NOTES FOR 2016-2017

Financial Aid Award Package Funds

Federal Work-Study or Hampshire Work-Study - the opportunity to earn this amount in an on-campus or off-campus job.

- You are responsible for locating your own job when you arrive. You can log on to the intranet to see the job list at <https://intranet.hampshire.edu/studentlife/studentemployment> in late August.
- \$2,900 represents working about 8 hours per week. The wage rate is \$10.00 per hour; \$11.00 per hour beginning January 1, 2017.
- You receive a paycheck based on the hours you work and submit on your online timecard.
- You can use about \$1,000 of your work-study earnings toward your annual bill. You need to sign an authorization form.
- The work study component of the award is an opportunity, not a guarantee. Responsibility for obtaining the hours available rests with the student.
- ***You cannot work on campus unless you have work-study listed in your award package.***

Federal Direct Subsidized Loan – a subsidized federal student loan; you must complete the 2016-17 FAFSA to determine if eligible.

- Interest is not charged on this loan while you are in school (at least half-time enrollment is required).
- You sign a promissory note and complete the entrance interview process online at www.studentloans.gov.
- A 1.073% fee will be deducted from the loan by the U.S. Education Department before it is credited to your college bill.

Federal Direct Unsubsidized Loan – an unsubsidized federal student loan (interest is charged while in school); FAFSA is required.

- The terms of the loan are the same as the subsidized loan except that interest is charged while you are enrolled in school.
- We suggest you pay the interest on these loans while in school.

Federal Pell Grant - our estimate of your eligibility for this federal grant; you must complete the 2016-17 FAFSA to determine if eligible. If the final Pell Grant amount is different than our estimate, your Hampshire Grant will be adjusted for the difference.

Federal Supplemental Educational Opportunity Grant - a federal grant for students with exceptional need.

Scholarships – merit scholarships or other awards from college resources. Maximum eligibility is 8 semesters.

Hampshire College Grant - a need-based grant from college resources. Maximum eligibility is 10 semesters.

State Grant - our estimate of your eligibility for your state's grant.

- The FAFSA serves as your application for this grant in most states. Some states also require their own application.
- If the final State Grant amount is different than our estimate, your Hampshire Grant will be adjusted for the difference.

Outside Scholarships - awards you expect to receive.

- We reduce your unmet need (if any) and the loan and work portions of your award before grant aid is reduced.
- Students without loan and work awards in their aid package will have their grant aid reduced.
- Tuition benefits from other educational institutions up to \$5,000 do not reduce Hampshire Grant. Tuition benefit amounts in excess of \$5,000 reduce Hampshire Grant dollar for dollar.
