Orientation 2018

# Welcome

## TO ALL 18F STUDENTS!

**WE'RE GLAD YOU'RE HERE!** Your journey at Hampshire begins with orientation, a time for you to learn about the College, meet new people, and settle in. The program you are about to take part in is designed to give you a sense of daily life on campus. Through performances, presentations, and a variety of activities, you will start to experience what it means to be a part of the Hampshire community.

Orientation leaders are some of your best resources on campus. They chose to be leaders because they want to help you as you begin to establish yourself at Hampshire — take advantage of that! Remember, they're here for you.

As you participate in this weekend's activities, there may be times when you feel overwhelmed or uncertain. Keep in mind that orientation is only the beginning of your Hampshire experience. There will be many more opportunities over the course of the coming semesters for you to get involved and learn more about the College. The office of new student experience will get in touch with you throughout the year with information and resources to keep you aware and informed. In the meantime, ask questions, get involved, and enjoy!
