ORIENTATION 2016

WELCOME

TO ALL 16F STUDENTS!

WE'RE GLAD YOU'RE HERE! Your journey at Hampshire begins with orientation, a time for you to learn about the College, meet new people, and settle in. The program you are about to take part in is designed to give you a sense of daily life on campus. Through performances, presentations, and a variety of activities, you will start to experience what it means to be a part of the Hampshire community.

Orientation leaders are some of your best resources on campus. They chose to be leaders because they want to help you as you begin to establish yourself at Hampshire — take advantage of that! Remember, they are here for you.

As you participate in activities throughout the weekend, there may be times when you feel overwhelmed or uncertain. Keep in mind that orientation is only the beginning of your Hampshire experience. There will be many more opportunities over the course of the coming semesters for you to get involved and learn more about Hampshire. The office of new student programs will reach out to you throughout the year with information and resources to keep you aware and informed. In the meantime, ask questions, get involved, and enjoy!

MIXED-RACE MIXTAPE: AN INTERACTIVE HIP-HOP THEATRE EXPERIENCE

Franklin Patterson Hall, Main Lecture Hall

Mixed-Race Mixtape is a refreshing and honest new performance fusing hip-hop, monologue, and movement. This concept rap album on the theatre stage follows its storyteller and emcee, Fig, through his many alienating, heartwarming, and traumatic experiences growing up as a mixed-race Chicano in Orange County, California.

From his fifth-grade history class, to salsa lessons at his abuela's house, encounters with local police, and his college orientation, #MRMT uses music, community, and reflection to explore the challenges of growing up outside of the box and beyond the choices of Black, White, and "Other."

Featuring an all millennial cast and crew, its music, lyrics, and choreography speak directly to the new, now, and next generations of young people, challenging us to examine how we can all construct and amplify authentic identities in the 21st century.

What began as Andrew Figueroa's (10F) Division III is now a nationally touring production of Smartt Productions (Allison Smartt 07F). The performance will be followed by a Q&A with the cast and crew (Artistic Director Jorrell Watkins 11F). Limited seating. There will be an open mic when doors open at 7:30 p.m. Sign up when you arrive.

Participants will be introduced to behaviors that support dialogue in a diverse community, with the goal of empowering themselves and others to continue to engage in conversations about social justice, oppression, power, and privilege on our campus and beyond.
