ORIENTATION 2017

# WELCOME TO ALL 17F STUDENTS!

**WE'RE GLAD YOU'RE HERE!** Your journey at Hampshire begins with orientation, a time for you to learn about the College, meet new people, and settle in. The program you are about to take part in is designed to give you a sense of daily life on campus. Through performances, presentations, and a variety of activities, you will start to experience what it means to be a part of the Hampshire community.

Orientation leaders are some of your best resources on campus. They chose to be leaders because they want to help you as you begin to establish yourself at Hampshire — take advantage of that! Remember, they're here for you.

As you participate in activities throughout the weekend, there may be times when you feel overwhelmed or uncertain. Keep in mind that orientation is only the beginning of your Hampshire experience. There will be many more opportunities over the course of the coming semesters for you to get involved and learn more about Hampshire. The office of new student programs will reach out to you throughout the year with information and resources to keep you aware and informed. In the meantime, ask questions, get involved, and enjoy!

**7:30 P.M. OPTIONAL FILM SCREENING: *I AM NOT YOUR NEGRO***

*Franklin Patterson Hall, Main Lecture Hall*

In 1979, James Baldwin wrote a letter to his literary agent describing his next project, *Remember This House*. The book was to be a revolutionary, personal account of the lives and successive assassinations of three of his close friends — Medgar Evers, Malcolm X, and Martin Luther King, Jr.

At the time of Baldwin's death in 1987, he left behind only 30 completed pages of his manuscript.

Now, in his incendiary new documentary, master filmmaker Raoul Peck envisions the book James Baldwin never finished. The result is a radical, up-to-the-minute examination of race in America, using Baldwin's original words and flood of rich archival material. *I Am Not Your Negro* is a journey into black history that connects the past of the Civil Rights movement to the present of #BlackLivesMatter. It is a film that questions black representation in Hollywood and beyond. And, ultimately, by confronting the deeper connections between the lives and assassination of these three leaders, Baldwin and Peck have produced a work that challenges the very definition of what America stands for.

**Content note:** This documentary includes contemporary examples of racial tensions in the United States as well as archival footage of lynchings, murdered civil rights leaders, the KKK, police officers harming nonviolent protesters, and white supremacists chanting or protesting in favor of segregation.

Participants will be introduced to behaviors that support dialogue in a diverse community, with the goal of empowering themselves and others to continue to engage in conversations about social justice, oppression, power, and privilege on our campus and beyond.
