

Fees

While there is **no fee for visiting Hampshire Health and Counseling Services, regardless of insurance**, you may be charged for some medications, vaccines and tests.

Medications: Prescription medications are covered by your health insurance and will vary based upon your insurance plan. Hampshire **Student Insurance (Harvard Pilgrim) 2016-17 co-payments for prescriptions medications are \$15/30/50 for up to a 31 day supply.** Many preventive care medications such as birth control pills and smoking cessation medications have no-cost. Emergency contraceptive (Plan B) is free and available at the HCHCS for all students.

Vaccines:

All routine vaccines are free to students with the Hampshire Student Health Insurance. Students with other insurance will be asked to pay for their vaccines at the time of their visit and will be given paperwork to submit a claim for reimbursement. Check with your outside insurance provider to make sure you will be reimbursed before paying upfront for vaccines.

Testing: Lab tests done on site at HCHCS are free for students: urine tests for UTI and pregnancy tests. All other lab tests will be sent to the UMass/Amherst Health Services and billed to your health insurance. Health providers at Health and Counseling Services can explain more about lab tests and insurance billing.

Records :

Current students may receive a copy of their medical records at no charge.

Payment Options:

Credit Cards (Visa, MasterCard, Discover), Cash, Checks (from a U.S. bank) are accepted. **At this time, the Hampshire One Card and American Express credit cards are NOT accepted.** Payment is required when you pick up medication.

Please note that while payment is required at time of pick up, if a student is absolutely unable to pay at the time of their visit, payment may be deferred for up to 30 days.

Students who do not pay their balance within 30 days are subject to having their registration, transcripts, and diploma put on hold.
